Three words that define a good leader:
Empathy, Flexibility, Engagement

What is the most rewarding moment of your career to date?

Hosting the Opening Ceremony of the Olympic Games for all Latinamerica.

And the most challenging moment of your career?

While I was studying and working in Argentina I doubted everyday whether I was good enough to be a sports journalist in such a male dominated and competitive field.

Name one woman who inspires you and why?

Because it is a very powerful platform in order to get in touch with other experiences by female and male collaborators around the globe.
