Three words that define a good leader:  
Vision, Empowerment, Inspiration

What is the most rewarding moment of your  
career to date?

When you take actions and people really believe  
in you and they work with you, side by side.

And the most challenging moment of your career?

Being one of the few non-medical professional  
who seeks improvement in healthcare services.

Name one woman who inspires you and why?

Dr. Carissa F. Etienne is the Pan American Health  
Organization (PAHO) director since 2013. I admire  
her because of her public health actions and her  
strategies of working hand by hand with social,  
political and other health leaders.

Why did you decide to attend #WFMX17?

Networking and be part of women caring of  
leading and empowering people based on  
equality.

What do you expect from Women's Forum Mexico  
2017?

Listen to success stories and those where you can  
identify windows of opportunities and also promote  
how healthcare administration impacts in this  
massive service.

What kind of leaders -or who- are you looking  
forward to meeting at #WFMX17?

The ones promoting basic rights as well as young  
adult women.

A book or a film on leadership that you would like  
to recommend to your fellow delegates?

Emperor by Peter Webber

What else do you want delegates to know about  
you?

Professional career as well as personal aspects.
