Three words that define a good leader:
Integrity, Confidence, Determination

What is the most rewarding moment of your career to date? Every day is a rewarding moment because I succeed in doing what I am the most passionate about and I never stop learning.

And the most challenging moment of your career? The most challenging moment was when I shifted careers from private banking to the art world. I had no idea what to expect, and uncertainty made me nervous.

Name one woman who inspires you and why? **Margaret Thatcher** inspires me for being the first British female Prime Minister and for showing that women could be credible leaders. Politics changed, and she was the longest serving Prime Minister of the 20th century. She demonstrated that women could do anything.

Why did you decide to attend #WFMX17? A forum like this one immerses you into expanding influence and leading change not only among women but among every individual around the globe.

If you attended Women's Forum Mexico 2016, how did it impact you? It was an amazing opportunity to surround yourself with other women who are influencing the world around us and learn from each experience.

What kind of leaders -or who- are you looking forward to meeting at #WFMX17? Women who are perseverant in making a difference in this world.

A book or a film on leadership that you would like to recommend to your fellow delegates? **[Man's Search for Meaning](#)** by Viktor Frankl

What else do you want delegates to know about you? My biggest passion is my work. As an Art Consultant and Advisor, creating private collections of art with careful scholarship is at the core my work. It is for me a sense of dedication, of love, and a joy of connoisseurship. Understanding and analyzing the art market also brings great satisfaction when investing in art and have been proven to have a positive return within time.
